## PERTH September 2015

**TUNING IN TO TEENS™**  
Emotionally Intelligent Parenting

**Thursday 17 September 2015  
to Friday 18 September 2015**

**Tuning in to Teens** is an extension of the Tuning in to Kids parenting program focusing on adolescence. Tuning in to Teens also targets specific skills of emotion awareness, acceptance and coaching and incorporates self-care and mindfulness. It presents parents with additional material on adolescent development and the changes and challenges that this age and stage bring to family life. The program meets a significant gap in available interventions for parents/carers of teens. In the efficacy trial, parents reported improvements in their emotion awareness and regulation, including depression and anxiety. Improvements in parenting and reductions in family conflict and youth externalising and internalising difficulties, were also reported by both parents and youth. Facilitator certificates for Tuning in to Kids and Tuning in to Teens will be presented at the conclusion of each training.
